

## Awareness Creation Workshop Held on Tannery Products

The Engineering Capacity Building Programme (ecbp) launched awareness creation workshop on tannery processing and other related agricultural products. The workshop was held in Mekele, Tigrai and lasted for three days. The objective of the workshop was to create awareness on the ecto-parasite and to make sustainable improvement for the production of hides and skin, and also to enhance the value of agricultural products so that maximum utilization could be made by the concerned individuals in particular and the society in general.

Thus, in order to meet the stated objective relevant firms and individuals have participated in the workshop. Twenty individuals have attended the workshop and were from:

- Agricultural experts from zones and the regional Bureau of Agriculture,
- Sheba Tannery Factory,
- Tigrai Agricultural Marketing Promotion Agency (TAMPA),
- The Tigrai Regional ecbp, as well as, from Amhara and Afar Regional States.

On top of that, the ecbp has been conducting a study on the problem solving of the marketing production of cotton of the **Hiwot Mechanisation of Agriculture**. The **ecbp** is making many regional programme of value chains in collaboration with different beneficiaries and private and government bodies with the coordination of the Capacity Building Bureau.
